VERSE

Girl, I don't really care
How you dress or do your hair
Man, where'd you get those jeans you wear?
And who put that look on your face?
We're not at all the same
But you remember just one thing
While we play this game

CHORUS

Play play play by the rules
Do what you wanna have done to you
Play play play by the rules
Be kind, be fair, always be true
And play ay ay ay ay by the rules

VERSE

Boy, you really took a while
To step out in those shoes
Where'd you get that style that's you?
And hey, it's okay to walk that way
What's the hurry, slow it down
I'd really like to know your name
We're in the same game

CHORUS

Play play play by the rules
Do what you wanna have done to you
Play play play by the rules
Be kind, be fair, always be true
And play ay ay ay ay by the rules

Heaven help us find a way to change
To treat everyone the same

CHORUS

Repeats 2X

BRIDGE

(Be kind, be fair, always be true)
Play play play by the rules
(Be kind, be fair, always be true)
Play by the rules
(Be kind, be fair, always be true)
Play ay ay ay ay by the rules
