VERSE 1

What you say matters to me
What you think, how you feel
Whether or not we agree
My respect for you is real because

CHORUS

I've been thinking quite a bit lately
It might be more about you
And less about me
I've been thinking quite a bit lately
That the way I should live is respectfully

VERSE 2

Simple as a tone of voice
Or a door held open wide
Every moment it's a choice
When we lay ourselves aside

CHORUS

I've been thinking quite a bit lately
It might be more about you
And less about me
I've been thinking quite a bit lately
That the way I should live is respectfully

BRIDGE

So I will never put you down
'Cause I want you hangin' 'round with me

CHORUS (repeats)
